Rankin Elementary Student-Parent-Teacher Compact

We know that learning can take place only when there is a combined effort between the home and school. This agreement is a commitment to work **together** so we can improve teaching and learning. **All students will improve learning by problem solving skills in math, reading comprehension, writing skills in organization/purpose, and in a respectful, responsible, safe learning environment.**

As a student, I will:

- ☐ be respectful, give my best effort, work as hard as I can every day
- ☐ attend school every day unless I am sick or have a verified appointment
- ☐ ask my teacher questions when I do not understand something
- ☐ stay calm when I'm frustrated
- ☐ treat others as I want to be treated, don't be mean, take responsibility for my actions

As a parent, I will:

- ☐ talk with my child about school and his/her education
- ☐ send my child to school daily unless my child is sick or has a verified appointment
- ☐ check on the progress of my child by talking to the teacher and attending conferences
- ☐ stay calm when I'm frustrated
- ☐ encourage learning at home and reinforce the school rules

As a teacher, I will:

- ☐ provide all students with high quality teaching at school
- ☐ provide a safe and challenging learning environment
- ☐ encourage and accept the involvement of parents
- ☐ stay calm when I'm frustrated
- ☐ work with students who learn at different rates and in different ways

We have received and read the Elementary School handbook.

We have read the Acceptable Use Practices and have discussed them.

We agree to abide by them in using the computer, Internet and technology resources.

Most importantly, we promise to help each other carry out this agreement.
