Carman-Ainsworth Families,

We are excited for the return to school and to have your child in the classroom ready to learn and grow. Although the summer seemed to fly by, I trust that you were able to relax and renew and are prepared to make this a great school year. Welcome back to our returning Carman-Ainsworth families and those of you who are new to us this year. The first day of school is Monday, August 29 and will be a full day for students.

It is our priority to maintain a safe and secure environment for our students and staff. Please remind your children to be diligent about following safety protocols; the rules are in place to ensure a safe environment for learning. We all need to work together to continue the tradition of a strong, resilient school district which values relationships with our parents, and school community. The theme for the 2022-2023 school year is “Every Child Every Day at C/A”. We will focus on making every student know they are cared for, and the expectation is that they will excel and be stronger than ever before.

With the fluctuation of the current COVID-19 data, we will begin the 2022-2023 school year with optional masking. It is important that everyone shares the responsibility of ensuring that students, staff, and families remain safe, healthy, and well. Please continue to screen your student for symptoms each morning before sending them to school; keep them home when they are exhibiting symptoms; and remind them to wash their hands or use hand sanitizer often.

As previously shared, our Transportation Department received an updated route planning software system over the summer. Please be patient with our drivers and office staff and remind your child to be aware of their bus route to assist with proper transportation from home to school and back. Transportation is typically a confusing time at the beginning of the year, and with a new system, there will be additional adjustments. Be prepared for interruptions during the first few days of school; we are doing everything we can to make it go as smooth as possible.

We are grateful for a strong and supportive staff and school community, and I am excited we can all work together to ensure our schools are the best that they can be. I look forward to the remarkable things our students will accomplish this school year. On behalf of the school board, we wish the entire Carman-Ainsworth family a positive and productive school year!
